Experience

Paul is a well-respected commercially minded consultant, who focuses on ensuring delivery of client requirements through effective and timely advice. He has extensive experience in providing probity advice and audit services to a range of State and Federal government agencies since 2000. Assignments have covered multiple industries and procurement types. Paul offers a flexible and collaborative approach to Probity Advisor ensuring risks are identified and effectively managed to ensure procurement activity runs smoothly and adheres to relevant guidelines.

In addition he has experience in conducting and managing outsourced internal audit and specialist reviews with a range of private sector, Federal and State government clients and has undertaken peer reviews, risk assessments, reviews and evaluations of business processes and their associated control systems on behalf of clients.
